## **Company's Profile**

Founded in 2014, Glider (Private) Limited is a knit apparel manufacturing and exporting company, engaged in the export of textile goods. We are committed in creating, developing and manufacturing of knitted apparel products right from a basic thread (yarn) to high quality garments as per the desires of our valued customers. We have the potential of making all kinds of garments, keeping in view the market trends and emerging fashion around the globe.

Glider (Private) Limited is enriched with ingredients of the latest technology, modern methods of production and assiduous humanelements. We believe in quality, on-time delivery and customer satisfaction, as this is the core spirit of our vision which is the leading force of our business volume increase by every passing day. This shows that what we commit, we do it. We cater both local and international markets.

Glider (Private) Limited is most modern vertically integrated manufacturing unit in Pakistan, with a lot of experience and state of the art technology in knitting, dyeing and garment manufacturing. We are a product development center creating innovative articles in garment with fast turnover in product development. High production strengths stems from high-tech machinery of Europeans and Japanese origin. Company's operations from dyeing to garment packing are carried out under the supervision of highly qualified conscientious and experienced staff. Glider (Private) Limited is totally committed to perfection with efficient and excellent products and services.

We have experienced, motivated and energetic staff having target oriented assignments. The departmental heads of the operating teams encourages team work, self- reliance and promotes decorum, discipline and company policies and procedures among the workers. With a very hard working and motivated workforce of dedicated stitchers, quality control and supervisory staff we are ready to take on the challenges of strict quality control, on time delivery and a great customer service. No order is too small for us.

We are striving for having experience of working with local customers of Pakistan and around the globe as well. We are determined to translate conceptual ideas of our customers into reality and shape them through our technical bent and professional acumen. We strongly believe that Customer satisfaction is the essence of business today. We have the technology with expertise, products with knowledge and most importantly the right mindset to achieve total customer satisfaction. By the Grace of Almighty Blessings, we are confident to enrich our profile with the best nourishing company in the horizon of textile business.

Our head office and stitching unit both are located in the vicinity of Faisalabad, the city of textiles of Pakistan; also known as the Manchester of Pakistan. All the governing rules, statutory regulations and prevailing laws are strictly abide by the management and necessary certification and registrations have been acquired in this regard.

## **Company's Goals:**

1. Customers' satisfaction is our top most priority.
2. We provide best competitive price as the market is enriched with competitors (Buyer's advantage).
3. We provide the best quality, keeping in mind the international standards.
4. On-Time Delivery
5. We are socially responsible and continuously contributing for the betterment of workmanship and environment.

## **Business Purpose:**

We are aiming at providing our customers innovative designs to compete market trends using latest techniques and equipment. The primary source behind the scene is talented, experienced and genius minds. Market research and regular contact with buyers provides first-hand knowledge of fashion and style which helps further.

## **Vision and Mission Statement:**

### **Vision Statement:**

To become premier and top-most source of our customers and associates in Garments industry.

### **Mission Statement:**

To provide comprehensive range of manufacturing and exporting services with the international standards covering the aspect of most and time effectiveness along with efficient handling of shipments.

## **Our services:**

1. Yarn Composition and Fabric selection.  
We can help our customers to decide which fabric is perfect for their requirement.
2. Design making  
We can copy customers design sketch from their mind into reality.
3. Consultation  
We can provide free consultation to our customers based on their ideas and sketches. In fact, we can also recommend designs to them.

## **Primary Customers:**

1. AY Traders (UK)
2. AAI Clothing (UK)
3. POSH NOTCH (PAK)
4. VANYA (PAK)
5. NUREH (PAK)
6. BRAND LABEL
7. NOBEL BRAND (MAURITIOUS)
8. CORPORATE CLOTHING (UK)
9. AWAIS TEXTILES (BUYING OFFICE PAKISTAN)

## **Product Description/Fabrics:**

### 1. Fleece

We have comprehensive experience in Fleece items which include LSF Fleece, 2 thread Fleece and three thread Fleece, puller fleece etc. Multiple items can be made in this fabric including hoodies (zipper and pull-over), tracksuits, trousers (plain, panel, printed, embroidered etc.), sweatshirts, sweaters etc.

### 2. Terry

Similar items as of Fleece can be made in terry fabric. Most manufactured item in terry is a sweatshirt. Trouser can also be made depending on the requirement of the buyer.

### 3. Single Jersey

T-Shirts and trousers with printing and embroidery for men, women and kids can be made in single jersey fabric according to the requirements of our customers.

### 4. Lycra Jersey

Same items as of single jersey including t-shirts, trousers etc. can be made for all genders and age groups in Lycra Jersey. Standard inclusion of Lycra in 100% cotton jersey is 5% on average.

### 5. Interlock

Nightwear, t-shirts, trousers, polo shirts, t-shirts and other items can be made in this fabric as

well.

6. Pi-Que:

Most frequent ordered item in this fabric is a polo shirt. It can be made in plain and solid colors as well and also in strips.

7. Knitted Fabrics:

All the above mentioned fabrics can also be manufactured on order instead of cutting and sewing it into a garment if customer has a requirement of fabric only.

### **Yarn Composition:**

We deal in several different yarns including cotton, polyester, viscose, nylon etc. However, Pakistani yarn is available all over the world for its top class quality. We deal in both combed and carded. Customers are welcome to select not only yarn but also the composition e.g. 100% Cotton, CVC 60:40, PC 52:48 etc.

### **Fabrication – Knitting, Dyeing and Processing**

Fabric is manufactured by the in-charge person of our company and it's made sure that it's prepared in the best possible way while knitting and dyeing is done so that no negative effects are seen in the final garment after wash or iron. Latest technology and up-to-date machines are used for this complete process in the sight of our fabrication assigned person.

### **Customized Printing:**

We deal in several types of prints and customers are welcome to have their own customized designs print in them:

- 1) Screen Print (Table)
- 2) Tie and Dye
- 3) 3D Print
- 4) High Density Print
- 5) Embossing
- 6) Sublimation

## **Embroidery:**

Customers are welcome to have their own customized designs embroidered in their own required colors, sizes and designs.

## **Accessories:**

All kinds of labels including main label, size label, care label, patch label, heat-transfer label, and all kinds of tags including hang tags and other kinds of tags are available for our customers to make selection and design them in their own requirements.

## **Minimum Order Quantity (MOQ) and Sampling:**

We don't have any MOQ. Customers are welcome to order any quantity that they need. However, less than 5 pieces will be counted as samples and cost will be high for them. In-order to get a good rate, 25 to 50 pieces per color and per design are recommended. If they wish to get the fabric in 100% of their required quality and color, then they need to order at least 250 to 300 pieces per color. Further discussion can be done in our free consultation session and best price can be quoted based on our customers' requirements.

## **Why us:**

1. No restriction with MOQ
2. 24/7/365 Live What's app chat
3. Financial and time analysis for production
4. Facilitation for our customers to supervise directly online and/or in-person visit of the factory.
5. We bear complete responsibility from yarn to pack.
6. Customized Pattern making.
